

CREATIVE FLEXIBLE SEATING

AREA DESIGN ANYA SEBTON, 2009/2013
AREA RADIUS DESIGN ANYA SEBTON, 2016

LAMMHULTS

The Area series, by Anya Sebton, consists of several modular units: right, left, center, and corner units with high or low back, plus two different shaped foot stools, a table in perforated sheet metal and an easy chair with two different base options. Modular construction allows assembly of sofa configurations of two-seat, three-seat or more, using a unique patented magnetic linking system.
