

## hitch|mylius

To whom it may concern

At Hitch Mylius we have been manufacturing high quality, durable upholstered furniture since 1971. All of our furniture is suitable for high traffic public spaces and has been installed in shopping centres, transport hubs and entertainment venues around the world.

Please find attached the Public Spaces section of our current brochure which includes a list of recent relevant projects. As well as these we have installed furniture at the Alma shopping centre in Rennes (products hm93 & hm991) and at Rives de l'Orme in Caen (product hm63).

Kind regards

Ian Ashley  
Director
