fabric choice

Other fabrics may be specified. These are subject to Hitch Mylius approval and price on application.

com/col

For **customers own material** or **leather** requests, please contact the sales team to ensure your selection is suitable, and to confirm quantities.

A sample may be required for approval prior to ordering. For all **col** orders, please add 10% to the **com** price.

Please ensure that your choice of covering meets your projects flammability requirements.

 **anti-microbial / anti-bacterial**

 **includes recycled materials**

 **100% natural materials i.e. wool, flax, silk, linen**

 **crib 5**

flammability

All standard fabrics meet **BS EN 1021-1+2** when used on our furniture. All foams and fillings are **CMHR**, and pass **BS 5852**.

suitability

Not every fabric is suitable for every product. Coverings marked * have exceptions and these are indicated on the appropriate product page.

Fast Track programme

Whilst our lead times are always competitive, we understand that some projects often require furniture on very short timescales; we offer a Fast Track programme to meet these needs.

We have selected a number of key pieces from our best selling ranges that when upholstered in select colours* of Camira Main Line Flax or Synergy, can be ready to leave our north London factory three working weeks from receiving your order. If you need something else in a hurry that isn't in the programme or in a different fabric or finish, please call and we will always endeavour to meet your needs.

For more information, [click here](#).

MAIN LINE FLAX

SYNERGY

*Camira endeavour to hold good stocks of the selected colours of Synergy and Main Line Flax, although the **three working week** lead time is subject to your chosen fabric being in stock with them at the time of ordering. In the event of the fabric being out of stock we will inform you within 24 hours to discuss alternatives.

Subject to maximum quantities. Please visit our website for full Fast Track terms and conditions.

hm53 Cuba

A collection of versatile benches and perch stools with soft edges and generous proportions. Available in three different seating heights, the highest of the units can be used to perch on or as backrests when combined with the lower units, as well as two dividers. Scattered across spaces or clustered together they are ideal for both public and private areas, meeting spaces or individual touch down points.

hm54 Morada

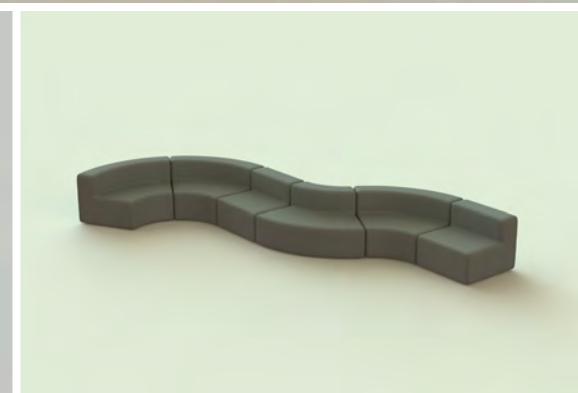

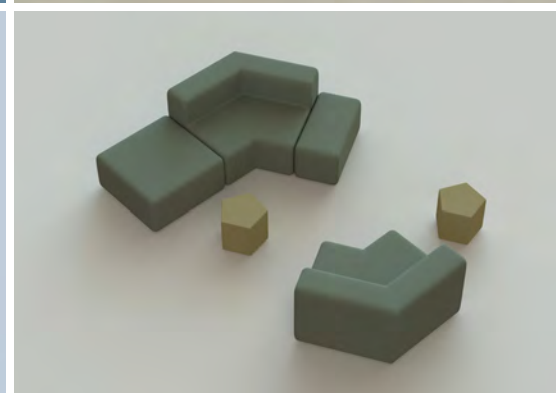

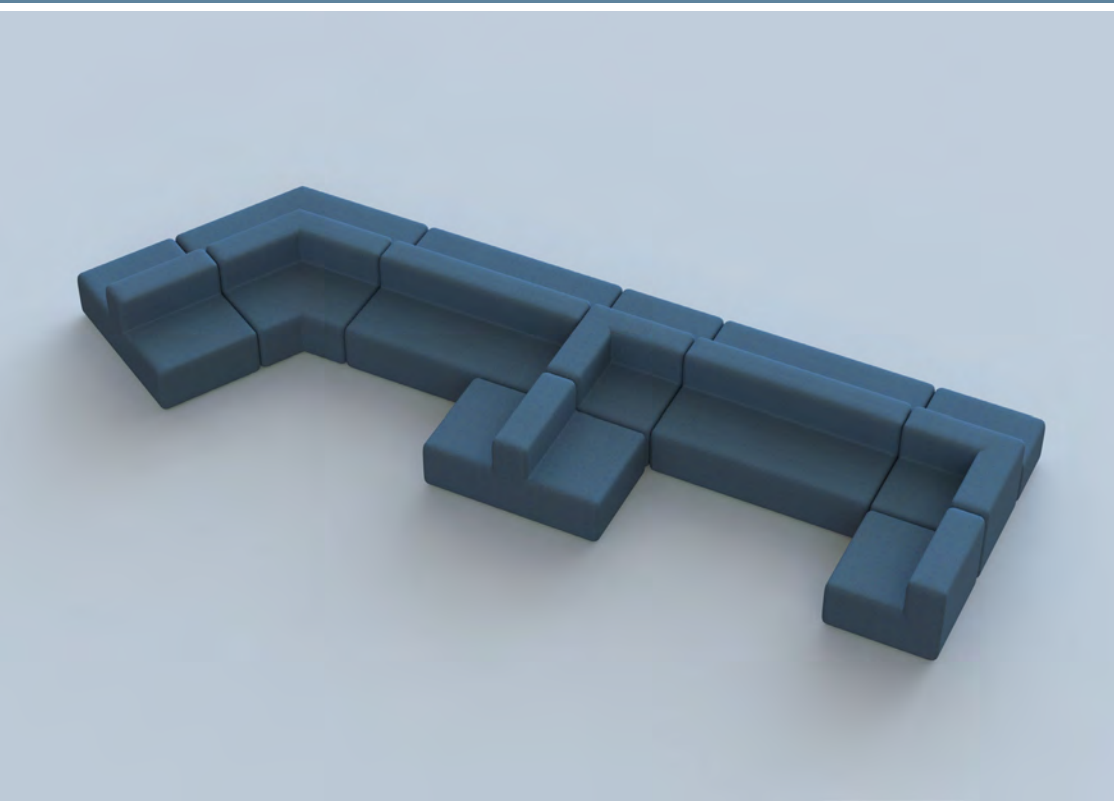

Sharing the soft edges and generous proportions of the Cuba stool collection, Morada is a versatile modular seating system for informal working and breakout spaces. The range includes cube and sofa elements, back-to-back options and 60° angled and curved units. Specify arms to create standalone chairs and sofas or to subdivide modular configurations. Power and USB charging units can be fitted.

fixing: we can supply seat pads with self adhesive velcro to allow them to be fixed to a clean flat surface

re-upholstery: We offer a re-upholstery service, along with a take back scheme - please see details on page 145

Power and data units

Working and living spaces have a requirement for integrated power and communication technology; selected models can be adapted to incorporate a variety of power and data units. Most units offer power sockets (UK & international), USB charge, USB data transfer, RJ45 Cat6 data, HDMI and audio mini-jack. We have priced a number of popular options; for other combinations, please contact us with your project requirements.

For more information, [click here](#).

Power and data units

€

CMD Surface

Discreet steel unit, available in black, grey and off-white, the Surface unit is suitable for **horizontal** surfaces such as arm and table tops.

1 x power, 2 x USB (Type A+C) charge

544

Desk and table lights

Lighting can be supplied and integrated into our tables. The B-Line by Aktiva is available in seven lengths and provides linear, high-brightness LED lighting across the table surface.

The slim $\varnothing 32$ mm shade sits at 500mm above desk height. Models priced below are in black or white, with remote touch on/off switch.

The Parasol is a fixed position desk lamp. The steel shade conceals a high-brightness LED light suitable for 4 seating positions on a double sided desk or round table.

Aktiva B-Line

Other desk light options are available - please contact us to discuss your requirements

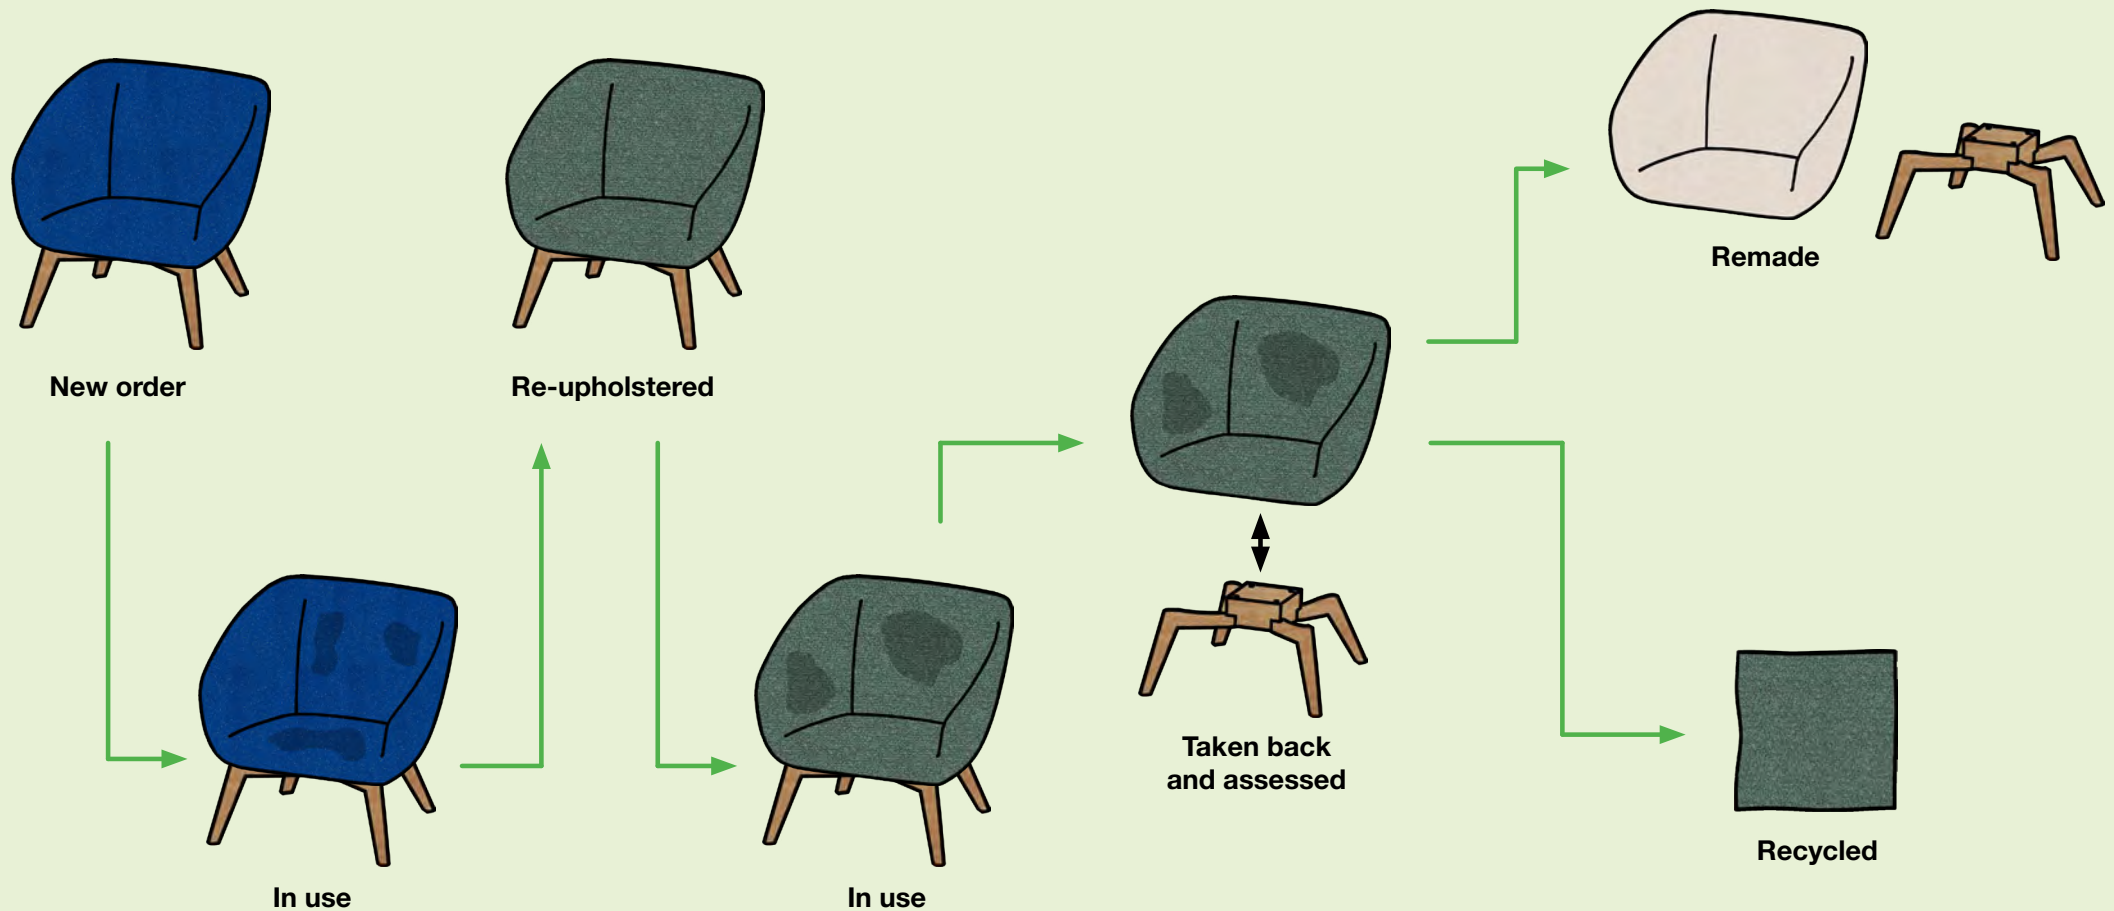

Re-Upholstery Service

Sometimes accidents happen, and a product will succumb to wear and tear. If this happens, we offer a re-upholstery service.

When we make our furniture, we set out to source the best quality materials from our trusted suppliers. That's why if your furniture needs to be re-upholstered, there is a good chance that the materials used will still be in good condition and won't need to be replaced, saving you money. Once we receive the item, we will assess if new parts are required or legs need re-finishing, and quote accordingly.

Take Back Service

At the end of a product's life cycle, you may choose to part with your furniture. We offer a service that will bring your unwanted item back to our factory, where it will be assessed and parts either re-used or recycled.

Finish options

● standard finishes

● options

bases and frames

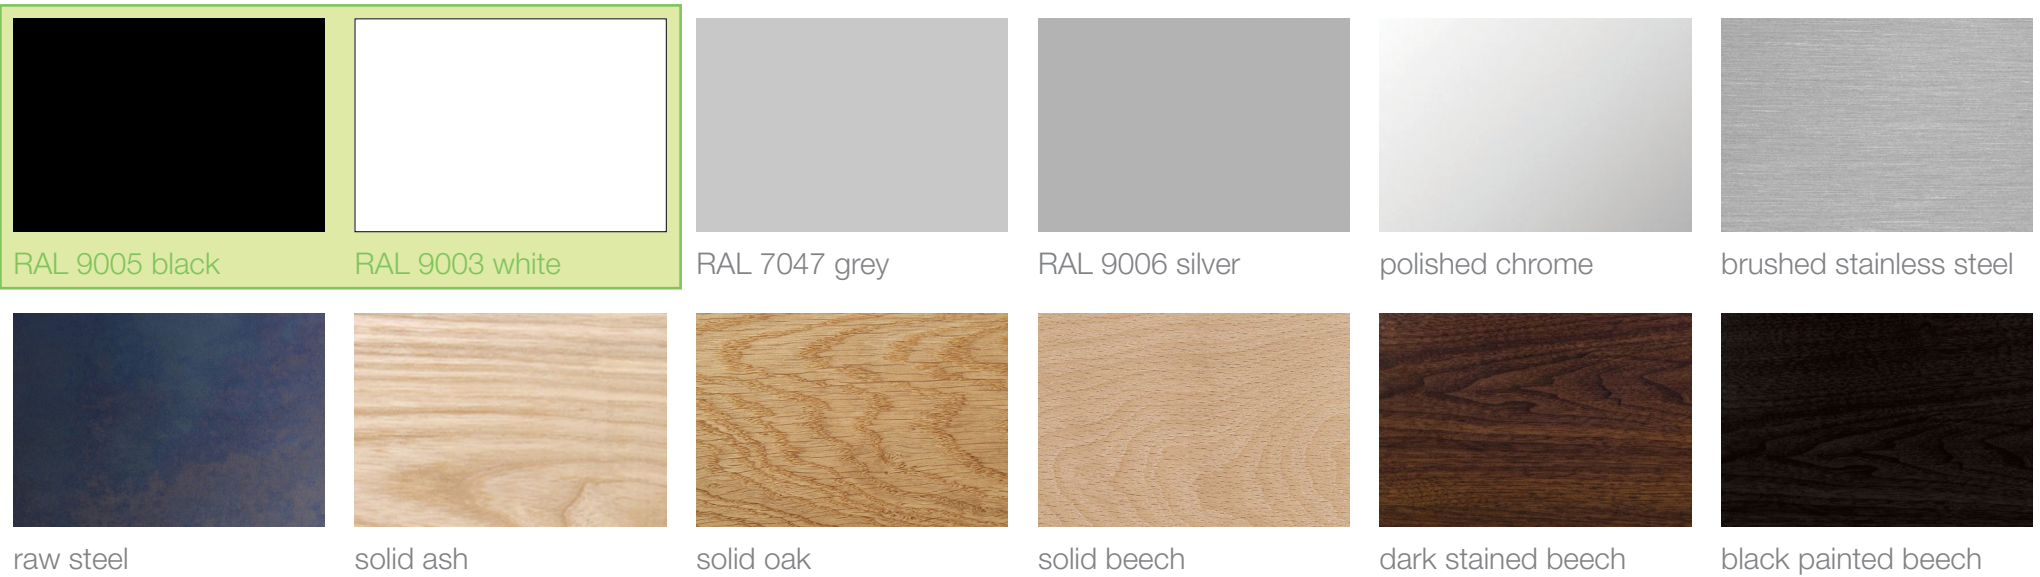

table tops

prices all prices are **€ retail**, exclusive of VAT. Prices are valid from 1st January 2024. We reserve the right to change the prices should there be significant changes to markets or currency, and will give three months notice should this happen.
