Moulded in high-density CMHR polyurethane foam on a steel frame with sprung seat, Simon Pengelly's versatile hm86 chair is available on either a self-centering swivel base in matt grey or polished chrome finish, or on chrome-plated tubular steel legs. Seat height 430mm

hm86 can be upholstered in supple Scandinavian leather in a wide range of colours, with outer panels in a complementary wool fabric

tables from the **hm85** range can be used with hm86 chairs - see separate **hm85** brochure for details
