

PLAY

Design: Vertti Kivi

TABLE: BONDOLAPTOP, design Harri Korhonen

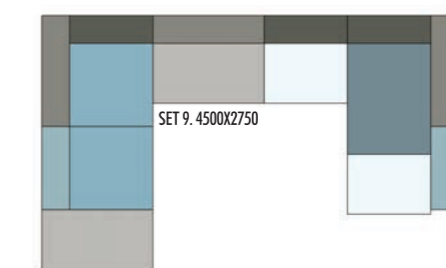

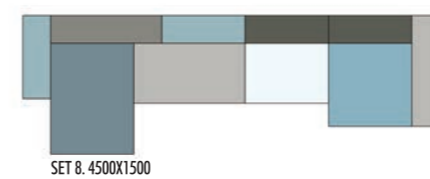

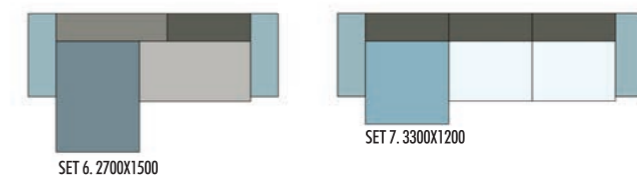

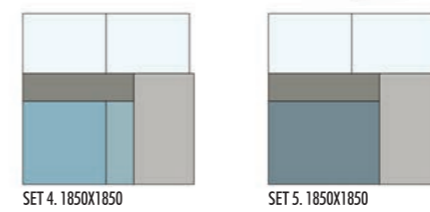

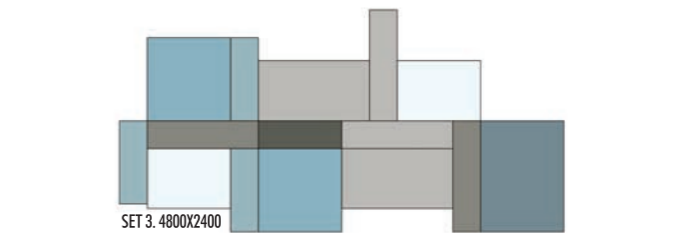

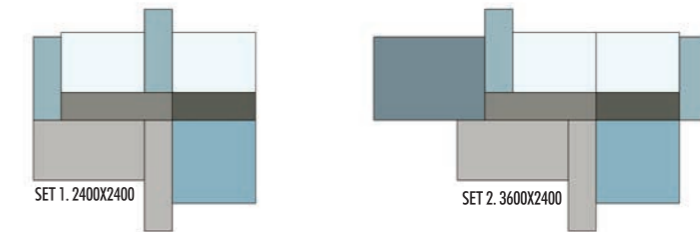

Play is a modular sofa that consists of four different seat elements (A1-4), two backrests (C1-2), two armrests (B1-2) and cushions (D1). The seat elements are free standing units where the backrest and the armrest is attached to form different compositions. An optional connector is also available for grouping the free standing units together. Optional electrification in armrest (the sliding lid reveals a power socket and a USB charger).

OPTIONAL ELECTRIFICATION

STANDARD MODULES
