hm108 Plump

hm108 Plump

The hm108 sofa has earned the nickname 'Plump' expressing generous proportions, luxurious comfort and a relaxed, domestic aesthetic whilst meeting the demanding needs of the contract market.

Sofas, chairs and benches can be combined with a full range of modular options, allowing flexible solutions for every environment, with multi-tone upholstery available on seats and backs. Either oak legs or plinths can be specified, natural lacquered or dark stained.

A laptop table that hovers over the arm, and low coffee tables complete the range. Table tops come with an oak veneer finish and the standard base colours are black or white.

Bespoke base colours and finishes can be specified.

Having co-founded the prolific and award-winning design collective Viable London, he formally established his own practice in 2012 to design furniture and products that are 'positive, understandable and relevant to their audience' for both contract and domestic markets.
