hm55 Motion

hm55 Motion

Architects Olaf Kneer and Marianne Mueller's iconic hm55 seating design develops a simple, playful profile into a comfortable and versatile range of products.

The collection comprises seat units with or without arms, a footstool and a mini side-table; the elements can be placed separately or connected and combined to create flexible and versatile seating for breakout areas, co-working spaces, receptions, schools and colleges.

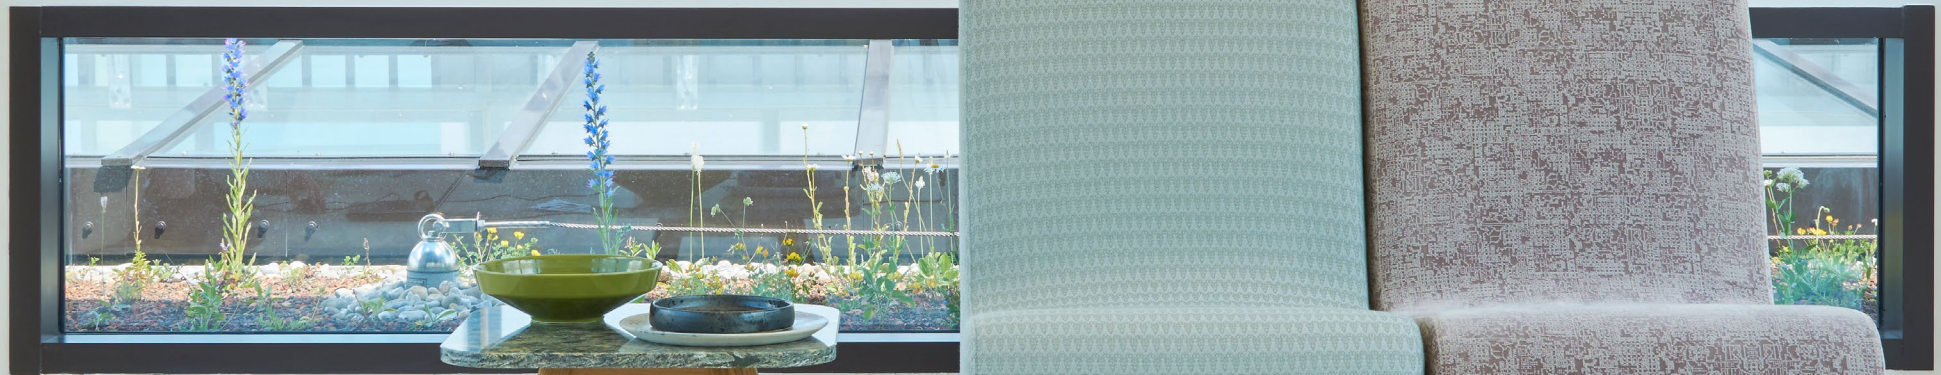

For more information, [click here](#).

Marianne and Olaf established Mueller Kneer Associates in 1997 and founded London and Berlin-based Casper Mueller Kneer Architects in 2010.

Their award-winning practice works worldwide and has developed a particular reputation for producing spaces for the arts, culture and fashion. Projects include the critically acclaimed galleries for White Cube in Bermondsey, London, building designs for Paris based fashion house Céline in New York, Seoul, Tokyo and London, and the Jewish Museum Berlin.

The hm55 range, launched in 2008, was Marianne and Olaf's first venture into furniture design for commercial production.

product contents (based on hm55a)

Hitch Mylius have been making beautiful and contemporary upholstered furniture in north London for over 50 years.

Our key environmental benefits include:

- ✓ Many of our key suppliers are local to us – our sofa frames and metalwork suppliers are 12 miles from our factory.
- ✓ We use water based glues.
- ✓ We use FSC certified timbers.
- ✓ It is our policy when dealing with waste to follow the waste hierarchy; prevent, reduce, reuse, recycle, recover.
- ✓ We are certified to BS EN ISO 14001:2015 and have been since October 2010.
