

hm991 DC

David Chipperfield's first upholstery collection for Hitch Mylius comprises a range of sofas together with chaise-longue and daybed. Based on a modular system with a footprint of 900 x 900, hm991 DC is available in a wide variety of combinations in widths up to 3600mm.

Multi-tone upholstery is available - seats and backs can be upholstered in different fabrics or leathers. Power and data units can be installed into hm991 DC.

For more information, [click here](#).

Founded in 1984, David Chipperfield Architects serves an impressive client list through offices in London, Berlin, Milan and Shanghai. Working throughout Europe, the USA and China, notable projects include the Museum of Modern Literature in Marbach, the America's Cup Building in Valencia, Des Moines Public Library, Barcelona's City of Justice and the Neues Museum in Berlin.

The winner of numerous international awards including two-times winner of the RIBA Stirling Prize, Sir David Chipperfield CBE was awarded the RIBA Royal Gold Medal for Architecture in recognition of his lifetime's work. Designed originally for a private client, hm991 was launched in 1999; hm93 was developed in 2007.

product contents (based on hm991k)

Hitch Mylius have been making beautiful and contemporary upholstered furniture in north London for over 50 years.

Our key environmental benefits include:

- ✓ Many of our key suppliers are local to us – our sofa frames and metalwork suppliers are 12 miles from our factory.
- ✓ We use water based glues.
- ✓ We use FSC certified timbers.
- ✓ It is our policy when dealing with waste to follow the waste hierarchy; prevent, reduce, reuse, recycle, recover.
- ✓ We are certified to BS EN ISO 14001:2015 and have been since October 2010.
